

NDHA Associate Member Program

What is NDHA

The North Dakota Hospital Association (NDHA) is a nonprofit membership organization, affiliated with the American Hospital Association, which provides leadership on healthcare issues. The Association provides a forum for the exchange of ideas, information research and methods of improving healthcare delivery. By working with its members and other organizations, the NDHA builds coalitions of interested individuals and organizations to address state healthcare delivery concerns and develops and promotes effective solutions applicable at national, state, and local levels.

The NDHA membership is a diverse collection of organizations and individuals, all of whom share a common interest in improving the delivery of healthcare services to advance the health status of North Dakotans.

Why become an Associate Member?

Becoming an Associate Member is a great way to show support for the health care providers of North Dakota. An Associate Membership demonstrates to current and potential clients that your business is involved with NDHA, its members and goals. Associate membership allows you to keep informed of the changing issues and challenges faced by health care providers in ND and to network with health care leaders.

And it's not only you who benefits from being an Association Member; your financial support also helps deliver valuable services to the NDHA members.

Additional benefits of Associate Membership include:

→ Educational Programs – educational programs offer more than just networking. Associate members can use these events and meetings to learn about the latest trends in health care, as well as the issues and needs of the ND health care providers. You may participate in educational programs/webinars at the NDHA Member rates.

→ Opportunities to sponsor programs – Associate members can also benefit from marketing opportunities. NDHA provides you with the ability for ongoing exposure to senior level executives and other decision makers who guide the health care community in ND during our Annual Convention and Trade Show.

→ Stay Informed – Associate members receive information through our weekly newsletter called the Informer.

→ Visibility with members – Associate members receive membership lists and updates and are included on the NDHA website in addition to being listed in the annual membership booklet.

How do I become an Associate Member?

Organizations interested in becoming an Associate Member are asked to fill out an application for membership. Associate membership is available to an organization, entity or person, not eligible for full membership in the NDHA, whose purpose and objectives are compatible with the Vision and Mission of the Association.
