

## Alabama Hospital Association

### Dues Schedule

2011-2012

State and federal institutions will be charged \$2,000

Minimum dues are \$5,000

A single factor, .00065443, is applied to 2009 total Medicare expenses as reported on worksheet A, column three, line 101 reduced by expenses for skilled nursing beds reported on worksheet B parts I, II and III from column 27, line 34.

The calculated dues are limited to minimum and maximum increases over 2010-2011 dues of 1% and 9% respectively.

Example: 2009 Medicare cost report expenses \$5,998,476. 2010-2011 dues were \$7,176. Single factor multiplied by Medicare cost report expenses equals \$3,926 plus the \$5,000 minimum equals \$8,926. The schedule provides for a maximum increase of 9% over 2010-2011 dues. Accordingly, 2011-2012 dues are \$7,822.
